

BSVC
Baltic Sea **Virtual Campus**

2006 June 20th

- international
- close to business
- individual
- at any time
- everywhere

BSVC - Academic Structures

Training courses are designed in the form of independent modules

Advantages

- individual learning modules can be selected
- several arbitrary modules can be combined
- by individually arranging a full set of modules an internationally recognised Master Degree can be taken
- modules and programs can be shared by different universities

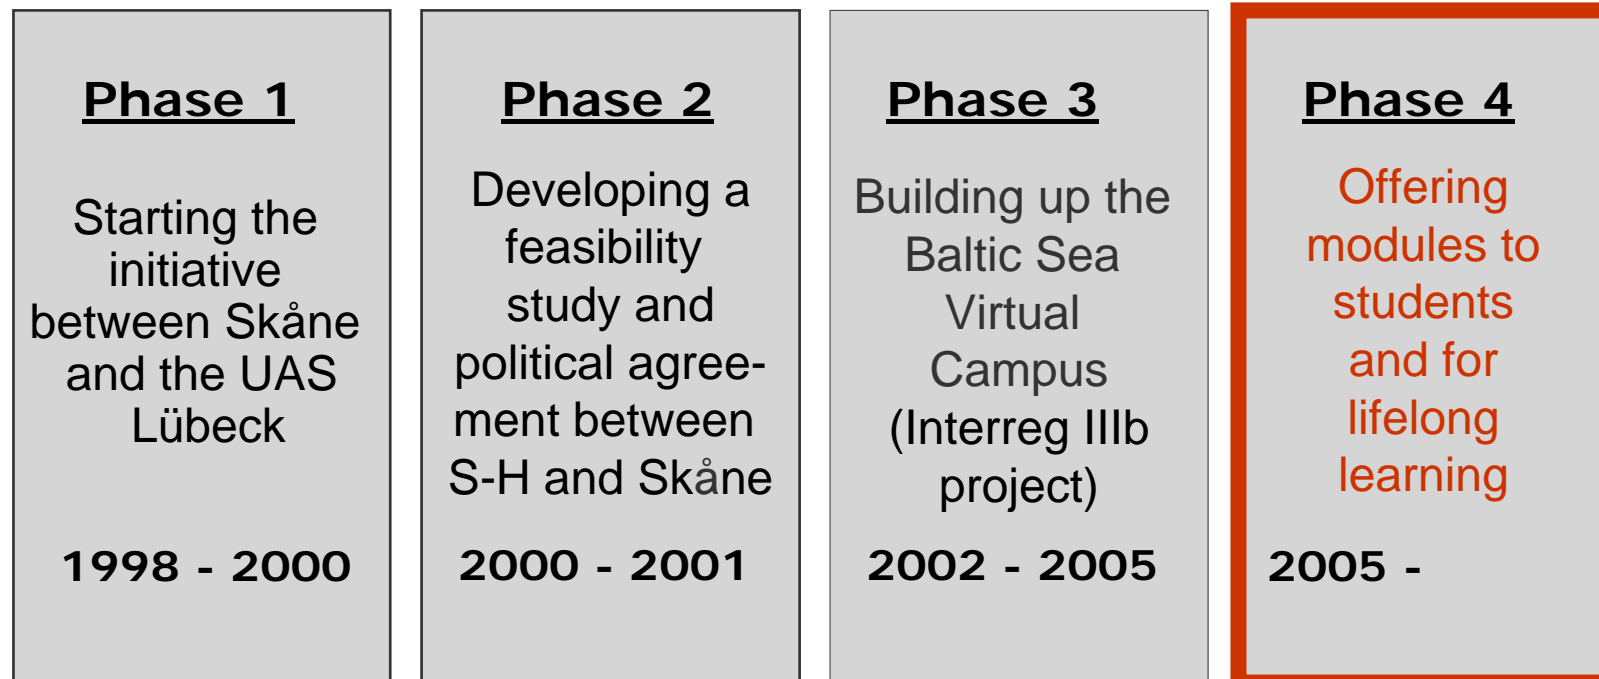

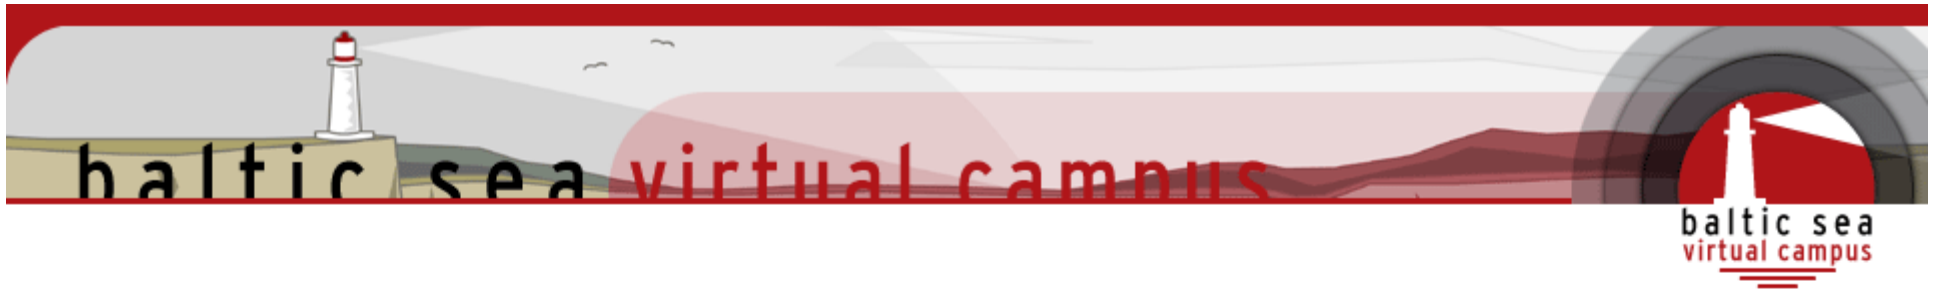

BSVC - Project Partners
